Updates:

- Health Fair - Mr. Ferrer discussed that the new water fountain will be installed near the gym in September. This will be the second one for the high school.
- Esteem - Mrs. Coyle talked about the program not working at the time it is now. Mr. Ferrer suggested doing it earlier in the school year before testing. Mr. Barrett is doing this at the high school and it seems to be working out great.
- Play it Safe - Mr. Jaap states it went very well and was very well received at the high school and middle school campus.
- Crisis Committee - Mr. Pope discussed the fact that this is a law now and we must have a group put together.

Ideas for this year:

- Mr. Druschke is going to bring back “Johnny Pops” for students caught in random acts of kindness.

- Ms. Jaap discussed adulting day at the high school. Last year adulting day had a guest speaker that spoke on self defense and dating violence.
- Mrs. Helms spoke on a program she wants to bring in called “Start with Hello”. It speaks about social isolation, gun violence, suicide prevention, etc.
- FCA is now without a sponsor since our last coach as left. Talked about the possibility of finding someone new to take over.
